Who knew? Sexual activity isn't only about reproduction.

According to leading Sky God proponents when they aren't off having sex with rent boys and underage women sex is ONLY about reproduction. Those perverted trans and gay folks are not following GAWD's agenda!

Who could have guessed sexual hypocrites who imagine they hear voices in their heads from a superpowered, invisible guy who hates to see them masturbate might be wrong?

Maybe we should rename it

"Gender Dystrophy"

and then everybody would weep over our sad condition and drop change in little boxes for us.

PS:

dystrophy *l'distrafēl*

noun

1 Medicine & Veterinary Medicine a disorder in which an organ or tissue of the body wastes away. See also muscular dystrophy.

2 Medicine impaired nourishment of a bodily part.

ORIGIN late 19th cent.: from modern Latin dystrophia, from Greek dus- 'bad' + -trophia 'nourishment.'

Sure, the "dystrophy" occurs via medical treatments. What of it?

LOTS of "medical treatments" work that way, like neuroleptics on your brain?

SURE THING
