... I noticed your pic with the guitar...

Have you ever done Pay to Play? For a very reasonable fee, I could arrange a performance for you... you might or might not lose money on the proposition, it would depend on how many folks you could drag in to see Giles get it on with you...

So, are you game? You look that way to me!

Sincerely,
My name is Noh, man!

[RE: Happy Thanksgiving!](#)

Nov 28, 2010 10:31 PM EST

Hi Bonz.

Happy Thanksgiving back! I've been in Italy since Nov 19, just returning tonight. I'll take a look at the web references later as I've been up since 1 a.m. NY time enduring a somewhat grueling trip back and I need to get to sleep.

I get what you're saying about getting together, but I'm not sure I wouldn't want you to seduce me! The thought of watching you walk away in black stockings and tight skirt... I still think about our times together, and find myself wandering back to your profile photos for inspiration. Just wanted you to know you're still in my fantasies, and opportunely-timed flashbacks lend a powerful boost to the climax. I also realize our time together was more than that, but "that" was very special.

Love,

Frank

I just wanted you to know that I feel very grateful for our relationship, whatever it might mean from your perspective... because you have been a very good influence on me, though it's not like you can take credit for it, right? One does have to follow the links there... but if one Googles "p450iid6" instead, my page linking together documentation on my Adverse Drug Reaction in 1997 now shows up on page 1 at #10, out of "About 77,100 results". Promise #2, in case you don't recall, was that I wouldn't be seductive if we got together... I meant it when I said it, and I definitely would *try* not to be, but it's an inherently stupid promise, because that's just part of the way I am... ?

Nov 19, 2010 11:16 PM EST

[Jetace9a](#) has read your message sent on 11/19/2010:

Hello again,

I thought I'd send you my improved business card--it needed more, ah, zing? And also the new address is geared towards my b.a.r.blayk gittar "work" (barb@badtriprecords.biz is my Digital Executrix mode :)).

... along with another photo of me which I took a few days ago... which would show pretty much how I dress most of the time,

now posted on Facebook with the caption:

11/16/10:

1. bonzie anne joyously envisages future mayhem to hir Strat.
2. Phillips screws to bolt down the tremolo are perfectly adequate Functionally, if not altogether Esthetically Correct... "Screw it!"
3. But the \$30 "Strat-compatible" replacement Schaller machine heads on hand require holes in the peg head of a wider diameter, AND a pin set hole! ???
4. "Drill, baby, drill!"

Q: What motivates a person willing to contemplate and undergo the risk of DIY Strat Surgery?

A: One with the underlying philosophy of... "GTR DONE!"

Status update 11/18/10, 1445 hrs EST: Little holes now bigger, no fractures!, ready to be filed wider for best fit: "She's tight!/She's a helluva time!/She's tight!/She's a one of a kind!"

Fortunately, all work on the Stratocaster has come out A-OK!

Well, I hope I hear back from you, even if it's "OMG! NOT *another* Punk-Rock Goddess! The last one I got involved with I *swore* would be... the last one!" :) Just so I know what you're thinking, OK?

thanks!
bonzie anne

PS: And also, if you're concerned about maintaining a discreet relationship, if you're interesting enough and have (IMHO) legitimate concerns, I'll consider it; my last relationship required/requires discretion, it's kind of a drag because I'm very proud of being involved with him but... can't talk/brag/rave about how cool this man is! DANG!

sorry, i've been preoccupied lately. hopefully things chill soon!

heinlein stories do run hot and cold, but I still read almost all of them. Stephenson overdoes it sometimes, true. I tend to gloss those parts sometimes.

I'll have more to say when things settle down a little!

> Bear is kinda sorta the greatest modern heir to the hard SF tradition. I waaay prefer him to Stephenson, whom I find 1) pretentious and 2) sciency rather than genuine SF. Bear writes some very speculative stuff, but it's all very well thought out, plausible, and coherent... when I read that "The Diamond Age" just got MORE incoherent towards the end, I felt justified in giving up halfway! ("Snow Crash" was a fun book... but makes *no sense at all* scientifically.)
>
> I think Gibson is a *genius*... I came to him late, but eventually read the whole series of books stemming from Neuromancer, and I've wound up re-reading them. Repeatedly! "Idoru", e.g., it's fascinating stuff... and so well written!

I mean, the founding lead guitarist of the Samoans, the angriest, most hostile, un-PC (and "homophobic" to boot!) punk band is... what? It's a *joke*, right?

came with the Star Wars decals on it; I added HAN SOLO SHOT FIRST.)

> My BF, ex-BF, will get together with me if his relationship fails BF, whatever!, was *not* so dumb... which was a part of why I initiated contact with him in the first place. I just wish he'd read *The Moon is a Harsh Mistress* and would... think outside the box... w/r/t his pre-existing relationship. WHY is that I wind up finding an utterly fabulous man who says he loves me... and *is not* sex-crazed? Dang!

>

> Sorry if I'm venting on you here, but GAWD IT SUCKS to have been in a serious relationship with somebody who has influenced your life in a powerful way, and not be able to talk about it, since Ithaca is TINYTOWN is Gossip City... *he got me back into guitar again*. Which looks like where I'm headed, after being a computer programmer for 30 years...

I'm a bit of a newbie (to use the Internet terminology) but I thought I'd reach out to you and see if we had any sparks. I'm an educated intelligent (and yes hot) guy who, like most of us, is horny all the time. But I've got some desires I haven't acted on. I want to just open up and see what two people really feel and want and just do it.
Sorry, the only pic I had here.
