Fantasies

[Add/edit these topics on your own profile](#)

Tell one of your favorite sexual fantasies. Don't hold back!

Somebody pays for my surgeries, etc., etc.

And then... etc!

But... that's not so much a "fantasy" as something I *want* to happen :)...

What role-playing scenes do you fantasize about?

Hooker/John, Groupie... B&B maid.

What location do you fantasize about for a sexual encounter?

A bed, A moving vehicle (i.e. car), The middle of a park, An airplane, A dark back alley, A movie theatre, A remote wilderness spot, My desk at work, A swimming pool or hot tub, An elevator, A hotel room

Ever fantasized about having sex with a celebrity? Who? What turns you on about them?

Mariska Veres, the singer for the band Shocking Blue.

When she sang Venus, she wasn't faking the passion. Nor with Mighty Joe, Can You Hear My Love Buzz?, Send Me A Postcard, Long and Winding Road, or to top 'em all: Never Marry A Railroad Man.

Besides being a great singer, she was gorgeous.

RIP. She is missed.

There was also a guy I really wanted to seduce, a very nice man who was good looking and a world-class musician... problem is, I'd rather BE seduced--or something less subtle! (In the unlikely event that he is reading this: you *did* buy me a beer, and I still deeply appreciate the gesture!) :) THANK YOU!

Tell us about your favorite sexual encounter.

That's hard to say.

An inadvertent case of Tantric sex? Achieving without trying, the Taoist way? It happened, repeatedly, but it wasn't necessarily a good thing in the long run, at least for my marriage!

OTOH, there was this time in T-Burg...

Using the location you chose as the best fantasy setting for a sexual encounter, tell us (in detail) about that encounter. Fact or fantasy?

Ooooooh K...

I go out to the Rongo with a gal I I'm in love with, a "raving German beauty" who "looks like a movie star!" (and those are exact quotations from other people!).

She's wearing an item from her varied and fabulous wardrobe, a vintage nylon dress that is waaay too tight to contain her prodigious bust.

After the show, we go out to the parking lot, and when I go over to open the car door for her, she starts kissing me passionately... and then unbuckles my belt, unbuttons my jeans, unzips my fly, and goes down on me!

She then pulls me over to the hood of the car, bends over it, and draws me into her...

This is not exactly in the "offer you cannot refuse" category, which you *can* refuse if you accept the consequences; more like "I am taking control here, and you are gonna *do what I want...*"

I'm not going to relate what was going on as we drove home, except that I was totally absorbed in keeping my eyes on the road and my hands upon the wheel...

(You can see why I was "confused" about my bisexuality for a long time, because sex as a lesbian was *very very* good for me! I may have been born with equipment that doesn't match my psychology and preferred gender role, but I am not embarrassed by this "accident of birth".)

Fact? Fantasy?

Are you kidding me? This is OBVIOUSLY some kind of ridiculous Penthouse-Letter-to-the-Editor "You will not believe this!" excursion into fantasy-land! :X *Right?*

Where would you like to live?

At home.

What would be your dream house?

My current home!

What's your dream job?

Job? What means, job?

I *loved* my vocation, which was software development, and am now pursuing my avocation, *music* - and working on being a "personage", "for what it's worth".

If you could do anything what would it be?

Help my daughter achieve happiness and success -- on her own terms!

How do you handle set backs to your dreams?

I enjoy whine with the cheese.

How important is it to share the same dreams as your partners?

It's crucial, if you want a long term relationship.

The most insightful thing I ever heard was a statement a female friend made to me when my marriage was dissipating: "A relationship has to be founded on shared values."

Shared dreams are a part of that: like the lyric in the song by Free, "Wishing Well",

"And I know what you're wishin' for... Love and a peaceful world..."

But the lyric starts out:

"You've always got Something to hide... Something you just can't tell! And the only time, that you're satisfied... Is with your feet... In the Wishing Well!"

Tell us about some dreams & goals you recently realized.

Not enough to satisfy me!

What is your ideal fantasy "date"?

Love at first sight, mutual ravishment, a pleasant dinner afterwards.

And then we fall... asleep. Maybe after a movie, OK?

What kind of relationship(s) do you want?

Affair, Long term, Short term, Activity pals, Polyamorous, I can manage discretion, but will not facilitate "cheating", OK?

Where do you see yourself in a few years?

"I heard the news/Got the same old blues/Again!" (Skynyrd)

Really, I have no idea. Life does not conform to our plans.

Physical Stuff

[Add/edit these topics on your own profile](#)

What is your favorite clothing style(s) during the day?

Paleo-Goth (black, off-black, and deep black!)

What is your favorite clothing style(s) during the night?

Vampy. Not Alucard vampy; Barbara Stanwyck vampy!

How would you describe your body, style, and appearance?

I'm a tad overweight at 168 pounds. (Back when I was 18 I weighed in at **120 pounds!**, and I was SERIOUSLY underweight! I think 140 would be my ideal weight, but that's not so easy to do as to say!)

I've been on Spironolactone for a couple of years now, so my body hair is now mostly gone, and the rest is barely visible, very light female-pattern *vellus* hair, my fat distribution has shifted into a more female pattern, and yes, my skin likewise is much smoother and a LOT thinner!

My breasts are really small, but they're 100% for real Tanner Stage III breasts! YAY SPIRO

You can view my photo albums if you're interested in checking out my style... I'm into sleek and sensuous when it comes to clothing (e.g., silk and leather), and high where heels are concerned: my legs are shapely, but a bit short, and heels do my appearance a world of good! I just bought a corset... and I love it! I should have gotten one a loooong time ago, even when I was at 150 pounds!

As far as day-to-day clothing, I'm usually fairly modest.... but I prefer to wear skirts as long as the temperature is above about 20 degrees? *LOL*, I find them MUCH more comfortable and natural for me than pants! I don't go for "overdone", and I don't go for heavy makeup. Alas, since I am short on funds for electrolysis and wouldn't trust any of the electrologists in Ithaca to remove male-pattern facial hair anyway, I still tend over time to develop some degree of five o'clock shadow - though my beard has been significantly reduced by using a Sensepil high-intensity light device to zap it.

Describe your most attractive feature.

Probably my hair. It's still quite nice, though not as absolutely drop-dead thick, long, and beautiful as it was when I was younger - but mostly I get compliments on my legs!

You'll have to judge for yourself what my most attractive features are from my photo albums... *"de gustibus non est disputandum"*.

What's *really* my most attractive feature? Hah! Some time back I updated my Facebook relationship status to "Single" ... and a (heterosexual and happily married) friend left a comment: "u sexy beast!"

PS: On second thoughtâ€¦ I think my most attractive feature is that I'm honest and up-front, and it shows in my smile; no amount of Photoshop work can compensate for a dark complexion thereâ€¦ speaking of which, my photos are only processed for color tone and brightness levels? **LOL**

What body part do you first notice when you meet a person?

Face

What types of activities interest you?

Computer programming, Surfing the internet, Playing music, Cooking, Reading, Writing poetry, Shopping!

What do you like to do in your free time?

Mostly do music...though I haven't written a *romantic* song in quite a while. OK, somebody out there needs to step up and provide me with the inspiration to top "Where Will I Get Off Tonight?"

It could be done. Anything's better than "Cold Rain"! (Except maybe the "Motel Zero". Yeah, that's worse, for sure.)

I also love to dance... not much of that going on around this town, alas...

What are your favorite sports/teams?

I love(d) *playing* baseball. I'm not much of a spectator when it comes to sports. Football is OK to watch, but not as interesting as, say, figure skating... or luge, or the biathlon!

Most of the day.

What is your current dating situation?

I've been in love since 4/20 - OCCUPIED! HI DICK! (waves)

What types of relationships have you had in the past? Share your story with us!

Passionate? Confusing? SCARY?

At the age of 18 I fell in love with an Ithaca->Manhattan transplant, and in love with Ithaca also when visiting for a month at her parent's summer home (Cornell -> Columbia, Ithaca Academy of Dance -> School of American Ballet, right?). She went to Harvard, I went to UT Austin, how could it last?

I was married for 14 years. It was an OK relationship, until the bitter, bitter end. My daughter is swell, so the relationship was not a total loss...

Then I had a couple of brief relationships, followed by an ultra-serious relationship that lasted a couple of years: SCARY!

Recently I had a relationship with my first boyfriend ever... too brief, but overly prolonged! (??? Big ditto on "confusing"!) The key point is that it confirmed that even though I had been saying I was a lesbian since 1980... I was kinda foolin' myself, because I was *continually* fantasizing about having a *heterosexual* relationship with certain men I knew... even if only periodically.

If that "heterosexual" statement sounds confusing, it's because you need to reflect on it, and understand how the average hetero/bi transwoman feels about it... which is pretty much how the average hetero/bi natal woman feels about it! E.g., we are *not* interested in "doing" guys, and we are going to evince some of the *really annoying* traits of "normal" women (such as expecting a guy to *call us* rather than *vice versa* when starting a relationship), even if we are "geek girls" unusually interested in "blowing shit up" and suchlike (see: Zoe Brain and her former profession).

What is your family life like?

I don't see much of my daughter, who's working towards her goal of becoming a film director down in The City... but we do keep in touch.

She's a live wire, polite, charming, very smart, talented, and uber-cute...

How can Adult FriendFinder help you change your life?

I dunno!

You tell me!

UPDATE 3/25/10: Would you believe... that your first email might *really* change your life?

I'll quote from an email I sent on Mar 9, 2010: "I must be trippin', 'coz reality *cannot be this good!*"

UPDATE 9/4/2010: ... and that quote was based on a *first kiss!* Maybe I was trippin'... but what was good was HELLA GOOD!

UPDATE 10/16/2010: ... so... why don't guys on this site post pics of the head that's up on the top of their bodies, you know, mounted between their shoulders? Or at least send one along with their emails... *right?* Are we shy, or *what?*

UPDATE 2/4/2013: Well, it's been a long time, so I'm giving this website another shot. Hey, it worked once (like magic!), and came kind of close the second time? (I hate to say it, but - Ithaca is pretty, and the folks around here are pretty smart, nevertheless - it's kind of a dull town!)

UPDATE 4/20/2013: OCCUPIED. I have no idea whether this website has anything to do with this. "Maybe, maybe not." Waiting for phone calls sucks, though. (ahem)
