★ re: "Looking to explore" / "Anyone real" - m4t - 57 (TinyTown)

"I'm a Cornell Grad, who is in a *committed and fulfilling relationship*, and looking to explore my sexuality to its fullest. I've always fantasized about a sexual encounter with a transgendered female or someone who is still transitioning, especially in a circumstance where I have an opportunity to indulge fantasies of being a sexual dominant."

Well, that's just wonderful.

"Is there gurls on here that are REAL and NOT looking to get money? Is there any real passable CD's? If you have a beard sorry no go. If you don't look feminine than I'm not interested, so please lets save each other some time."

Wow. Do you have any idea how much electrolysis costs? (Early transitioners are lucky in this and other respects, but you have to go on hormone blockers early in your teenage years, and lots of people hate the idea, and besides that, they hate *you*!)

So. I hate seeing "someone TG/TS/TV" lumped together as a category, I hate the notion of "passable" TS (no late-transitioning TS passes 100% consistently, just FYI - but you have to be able to read the tells), and I hate the whole concept of "fun" with surpassing intensity!

I would wish for three things:

- 1) Guys would stop proposing marriage or "as good as" to me and failing to follow through. . . even though it's *kind of* flattering?;
- 2) Guys who are attracted to trans women would step up in public forums where they're Spreading The Haet and say something like "Trannies are not just great lays, they're really nice people, albeit expensive dates!" (or go for the PC angle, like I could care!);
- 3) The only man in this accursed county I would allow to indulge in "mere fun" with me would GET THE PICTURE and *get with it*!

LOLing,
Sincerely,
Yours Truly,
This Particular Non-Representative "Impassable" and Inexplicably Hot True Transsexual Woman
