Introduction

Edit

I'm looking for a broad-minded man for a reasonably meaningful relationship... or, like, y'know... whatever, as long as it falls within a (reasonably) *broad* meaning of "relationship". (Are we feeling... irony... yet?)

I love women too, and if there are any out there who are interested in being friends or having (some kind of) a relationship... let me know!

My main interests are in computers and music, mostly varieties of rock and roll -- usually, the louder the better!

Nota Bene: **IANAS**: I Am Not A Slut. *There is a ledge/Beside a dome/And on the ledge adventures dance/There is an edge/That is your home/And on the edge breathes true romance...* - "Stone of Love" R. Meltzer/Donald Roeser (Blue Oyster Cult)

My Ideal Person: ... someone who, first and foremost, is upfront and honest... and loves music.

Mostly I'm here looking for a long-term relationship... failing that? A relationship that has the crucial feature of a good LTR... *powerful* mutual benefits.
