Recently moved to Ithaca. In search of 'working' bands and/or musicians, original and/or cover. I'm open-minded and have a ton of experience both live and in the studio. I've played with '80's metal legends, singer-songwriters both male and female, guitar heroes, '70's Disco cover bands, rock cover bands, nu-metal-type bands, off-Broadway shows, etc., etc. I've co-written, co-produced and played bass on tons of original projects. I would love to join/form a 'jam-band' and/or do something a bit more experimental but am open-minded about any and all musical genres as long as it's good. As for covers; weddings, Top 40, blues, country, rock, metal, etc. I also play some drums and percussion, guitar and mandolin. I have pro ability, gear, image and attitude.
