Arson 2/6/97 was not due to hostile intent, but was due to delusions and hallucinations; hallucinations persisted over 3 days

[Prozac alone, 5 weeks, 20mg/day; trazodone 10 days, discontinued ca. 1/13/97; marijuana use discontinued ca. 1/29/97 in preparation for NCV w/ Dr. Stackman]

Heather

Relationship 10/92 - 9/93
1 brief verbal argument
Last met by coincidence 12/96, had a friendly exchange

AnneMarie Whelan, former wife, 20 years, 13 years cohabitation (7 married)

Lived together in co-op houses from 1980 - 1986
Occasional verbal arguments
She struck me one event early 1981
She was sexually unfaithful 1/1/92 after 12 years of monogamy
I slapped her once, not hard, 4/92
I struck one event 12/92 [alcohol, 3 drinks/3 hours]
Occasional brief tantrums on her part throughout (~1/yr)
Occasional tantrums on my part 1993
I was date-raped 1 time by a boyfriend of AnneMarie's in Ithaca 2/93;
he later threatened me with violence and harassed me via telephone;
he stalked me in the Ithaca downtown area; I avoided him and
fruitlessly filed a charge of Harassment with the Ithaca
Police Department. Note the fear of having contracted HIV
from this incident was the reason I went to see Dr. Matusiewicz.
I moved out in 6/93; we negotiated a separation agreement (Susan Brown)
I encouraged AnneMarie to file a divorce claim for "Cruel and
Inhuman Treatment" to accelerate the divorce, paid for the
lawyer [Jeff Coleman] to file her claim, and pled No Contest.
AnneMarie's significant other, Steve, threatened me once 5/12/96
while drunk at a Mother's Day party where Rachel and Susan Hamann
were present. I took no legal action. Circumstances such as
these prompted me to seek help, "someone to talk to," at FCS 5/8/96.
She filed a Harassment complaint 6/97 over my "inappropriate speech"
in front of our daughter Rachel [Prozac alone]
Friends w/ Susan Hamann '92 (?) - '95
Phone number (607-273-6552) was given to RFU (never interviewed,
despite which RFU report states I pose a threat to her)
