### Subjective

#### - Subjective

**Service Type:** 99231 Hosp care 15 min low complexity

#### **Subjective:**

Anne Rose remains hyperverbal and delusional. She seeks me out in the hallway to hand me a card that she's printed out of a study in the Journal of Clinical Psychiatry, entitled "The Urban Epidemic of PCP Abuse." On the back of the card is a note addressed to me stating that a woman named Alice Richardson had been spiking Anne's marijuana with PCP and this is why she was psychotic and admitted to Elmira State Psychiatric facility back in 2003. "I'd like you to look into this. This proves that I do not have a history of mental illness. Alice wanted to take over my house and use it as a storage dump. She clearly suffered from Hoarding Disorder per the DSM-V."
