Subjective

- Subjective

Service Type: 99231 Hosp care 15 min low complexity

Subjective:

The patient rants at me about various topics today such as her victimization by an international computer hacking ring, the illegitimate nature of her involuntary treatment here at the hospital, my incompetence and her demands to be "released" immediately. "You CAN'T discharge me. I was never properly admitted to begin with!" The patient is still incapable of giving me any coherent account of where she would stay should we discharge her.
