### Subjective

#### - Subjective

**Service Type:** 99231 Hosp care 15 min low complexity

#### **Subjective:**

The patient approaches me with paperwork full of delusional statements about his secret work for the government and suggesting to me that he's ready to make a deal. "I'll sign the paperwork that states I will not sue you nor the hospital as long as the multiple code violations I've identified here on this unit are appropriately dealt with. All you have to do is sign the release, which is not the same as a discharge...because I was never legally admitted." The patient complains of insomnia from the ziprasidone but this is contradictory to staff notes which indicate that he has slept more since taking the court-ordered treatment.
