Truth

Beauty

Compassion

Honor (8 a : a keen sense of ethical conduct : INTEGRITY)

Courage

“SPEAK TRUTH TO POWER.”
-- Quaker aphorism

When I was transferred to the Elmira Psychiatric Center for outpatient treatment in 2002 as a result of non-compliance with my Order of Conditions (i.e., refusing urine screens that I had to pay for at \$50/per), I was presented with a ridiculous multiple-choice form seeking to ascertain my "Top Five Values".

"Values" included items such as "Religion" and "Family", with about 50 alternatives provided, all ludicrous in their lack of specificity. I couldn't find five with which I could agree.

Thus, I shared with them MY statement of MY values. FWIW.

"264. 'What we Do.' — What we do is never understood, but only praised and blamed." The Joyful Wisdom - Friederich Nietzsche. Images and text related to my character, my relationship with Susan Hamann, catastrophic Adverse Drug Reaction in January 1997 leading to insanity and arson, and subsequent "treatment" by the New York State Office of Mental Health. ... the people to whom I refer in this album appear in the first pictures in my album on Relationships. — bonze anne blayk <http://www.facebook.com/media/set/fbx/?set=a.10150092218962954.281545.707147953> - 4/30/11

Nerissa Belcher Changing a few words to make the acronym work Bonze has CHILL values:

- Courage
- Honesty (truth)
- Integrity (honor)
- Love (compassion)
- Looks (beauty)

September 14 at 6:40am · Unlike · 1

Bonze Anne Rose Blayk -
"Yes, but!" - they're not the same!

Truth comes first.

"Truth" is not at all the same thing as "honesty."

It matters. A lot.

Etc. etc., they're not really equivalent items as VALUES, which is why we should avoid "Acronymic Excess."

September 14 at 8:14am · Unlike · 2

Bonze Anne Rose Blayk -
The amusing thing is of course that the value-rific CHILL acronym is that it still holds true!

Profile Photo

Courage (beams)
Honesty (reams)
Integrity (smirks)
Love (lusts)
Looks (preens)

Wow! My conclusion? "CHILL value assessment allows us to calculate an overall value for a study participant which we shall designate as the 'AQ factor,' where AQ is the 'Asshole Quotient.'"

And I've got a sky-high AQ!

BEAT THAT WITH A STICK

Pretty nifty, huh? Do I get a gold star?

(smirks)
