I submitted a request to the Ithaca Housing Authority for another Voucher Extension yesterday; Kim also wanted an update on the status I see for the ERAP Application on my Tenant account, so I'm attaching a screenshot of the current status.

Alas, Ed, Judge Greener of Newfield Town Court dismissed my Small Claims Court filing for \$2,000 back from Francisco Berry P.C., so you won't be getting \$2,000 there, but neither will I!

On the other hand, two local judges have now in hand my notarized assertion of Perjury etc. against Savithri Satti MD of the Elmira Psychiatric Center, filed at risk of being charged with a Class A Misdemeanor for entering a false statement, which is kind of interesting if you assume that maybe these guys are going to catch on that they're being scammed, as is the public that has to subsidize crooked psychiatric involuntary hospitalizations through Medicaid!

thanks

PS: On entry to the Behavioral Services Unit of Cayuga Medical Center on December 25 2016, Mahfuzur Rahman MD asserted I had been seen "wandering homeless on the streets of Binghamton," which is kind of interesting in a spectacularly sleazy fashion. ?
