

Common Council Public Comment Form Save Progress

First Name* [Bonze Annette Rose] Last Name* [Blayk]

Street Address* [1668 TRUMANSBURG RD]

Municipality *Note this may be different from your zip code* [Town of Ulysses] State* [NY]

Topic of Discussion* [John Joly is unfit to serve.] Provide a brief description of the topic you will address.

Your Comments [My name is Bonze Annette Rose Blayk. I assert "John Joly is unfit to serve" due to tendencies to extreme violence AND systematic deception. On September 19, 2018, then-Lieutenant John Joly assisted Officer G.I. Herz as he launched an unprovoked assault on me at the former location of Denny's Restaurant at 323 Elmira Rd. in Ithaca. They attempted to justify this assault by falsely claiming I was psychotic and uncooperative, when this assault was brought about by the "provably" false charge I had skipped a check the night before - I have the cash receipt for the meal! - along with false assertions I had verbally abused Denny's staff, and further false assertions I then engaged in Trespassing and Resisting Arrest at around 3:30 AM that morning. Two big men, Herz and Joly with a Taser, versus one rather stubby superannuated trans-woman, that's me: wearing my gold retirement watch and Phi Beta Kappa key, leather skirt, and a purse, standing 5 feet 10 inches tall in three inch heels. There was no [quote] "fight" [unquote]. I was assaulted: MY nose was broken, I was badly beaten with MY blood spilled all over the floor, and MY left shoulder was left "permanently" damaged on the ludicrous claim I was attempting to seize Officer Herz's sidearm with my LEFT hand! That's insane! HINT: THESE GUYS WERE PARANOID. Why? CLUE: HACKING MEDICAL RECORDS IS PART OF CYBERWAR. Contrary to the opinions of [quote] "experts" [unquote] such as Clifford Ehmke MD at the Behavioral Services Unit, who "sometimes" provides cover-ups for police misconduct, I am in point of fact a Network Systems Programmer of minor global repute as the author of the COMET "Cornell Macintosh Terminal Emulator" and its successor dataComet-Secure, and have "provably" been targeted for many years as a victim by some truly obnoxious computer crackers in our Global Cyberwar. I happen to be on TEAM USA as a licensed exporter of secure software, right? Right. And? I don't use hard drugs or hallucinogens, and I have "never" prostituted myself sexually! All charges dismissed. "Oops." Sincerely Yours, barmayden Bonze Annette Rose Blayk, COMETMONGER - Resident of Tompkins County since 1979. - 607-351-4879 - 1668 Trumansburg Road Ithaca NY 14850 / Town of Ulysses]

Contact Information [607-351-4879] If you would like to leave your e-mail address and/or telephone number, please do.

Thank you for sharing your thoughts with us. Please note: comments must be 3 minutes (or shorter) in length when read, and must adhere to the Common Council Rules of Order. Until we can all be together again, we wish you good health!
