REC'D JUN 9 2016

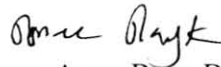

An Open Letter to Mental Health and Legal Professionals:

Dear Folks,

I wish to make it known that in the event of my hospitalization for mental illness of any kind, I insist that notice shall be published in the Ithaca Journal, and that any and all callers shall be readily informed of my circumstances, and that such opportunities as may exist for them to contact, visit, or otherwise offer support for me should be made readily available to them.

Thanks,

Sincerely,

Bonze Anne Rōse Blayk
