Reality is so complex that the more one elaborates on the fine detail expressed in the glories of Creation, the more confusing the picture becomes... my own situation as a software engineer deeply involved in Secure Computing is murderously complicated by the fact "mafia affiliates of the CIA" decided I was "untrustworthy" in 1996 & PWT...

"Opposition Research"

1. I've been a right-winger since the age of 14 as a "Goldwater Republican," out of respect for Sen Barry Goldwater (Maj. Gen USAF Reserves & distinguished veteran of WWII) who "spoke his mind" as was his responsibility to his Arizona constituents and thus was placed under the "critical microscope of deeply caring psychiatrists" ~~and~~ thus publicly reviled as a "dangerous warmonger" like President Trump? — and "cast into darkness"

2. "That Norman Thing" - a couple of years ago I got interested in ~~the~~ ~~under~~ my family's history, ~~with which~~ ~~was~~ which my mother had investigated following her retirement & which has been clarified through further research as a "hardcore Norman English merchant family with technical gifts as seafarers" who emigrated to ~~the~~ America ca. 1622 alongside the Puritans in "Weston Colony" & then Virginia as religious non-conformists (not rebels) fascinated by BEAVER

William Jefferson Clinton aka "Slick Willy"

3. This is an Honor Culture with affectionate attachments to more "military" classes of citizen due to self-defense of merchantmen at sea being a core part of survival in hostile environments rife with pirates and obnoxious "Indians," with whom we mated to maintain the "Equestrian Style" in socially-founded breeding programs, so I wind up being part Cherokee as a consequence — like Bill Clinton eh? [winks]

4. I'm deep-fried trans BY ENGINEERING
rather than accident using prenatal
manipulation of ^{the} hormonal influences
on personality formation in the 24th
week of pregnancy (2D-4D exhibit) so
as a BORN THIS WAY Transsexual person
I am deeply mysterious to "cisgendered"
(normal) people who might "play" with ~~different~~
role associated with the opposite sex but
not occupy that role? LGBTQIA + "ethics"
of Freeware are incompatible with SURVIVAL.
